

ADOBE GUADALUPE  
Vineyards & Inn

*Adobe Guadalupe was born 23 years ago. Tru and Donald Miller came to the Guadalupe Valley in the mid late 90s and started their vineyard, a retiring project and an homage to Tru's late son Arlo. They made history in Baja by being the number 6th winery in the valley and paved the road for a new generation of excellent wines. Nowadays Adobe's wines are present in some of the most renowned restaurants in Mexico and Southern California.*
